

SS75型脱水机系列

SS75 type dehydrator series

SS75系列脱水机是选用优质不锈钢材料作内胆、外壳，性能优良、运转平稳、平衡性好，脱水率高、噪声小等优点。是服装洗涤、针织、棉麻、漂染、化工、医院、宾馆、酒店、工矿等行业脱水的理想设备。其脱水率可达65%。

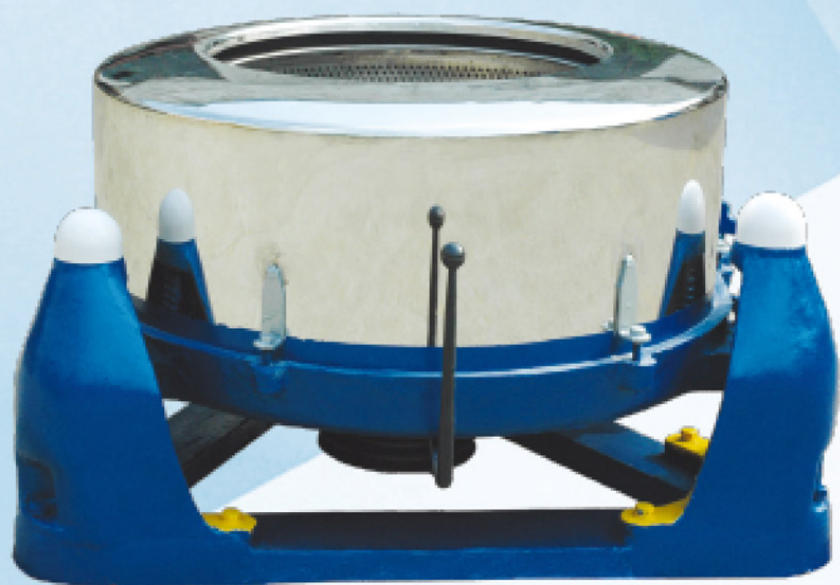

The SS75 series dehydrator is made of high-quality stainless steel material for the inner tank and outer shell, with excellent performance, stable operation, good balance, high dehydration rate, and low noise. It is an ideal equipment for dehydration in clothing washing, knitting, cotton and linen, bleaching and dyeing, chemical industry, hospitals, hotels, hotels, mining and other industries. The dehydration rate can reach 65%.
